

At Haywards we believe that everyone over the age of 18 years should make a Will, together with a Lasting Power of Attorney. By doing this you will have a say in who deals with your affairs and is your voice when you are no longer here or unable to make decisions yourself.

To encourage people to get themselves organised we at Haywards are offering a new and exciting package for our Clients which will be known as the “Wills eXtra Package”.

Please see below a combination of Wills and Lasting Powers of Attorney packages for you to choose from and at the same time make a significant saving. If you are not sure what package would be best for you or cannot see what you are looking for, please do not hesitate to contact us and we will be pleased to discuss further options with you.
